Space solutions for schools and nurseries

Your advantages:

- High comfort factor due to the latest insulation (U-values according to local building regulations)
- Well-lit, bright spaces with fixed glazing
- Use of certified fire rated components
- Best price/performance ratio
- Individual floor layout
- Child-friendly (e.g. children’s toilet)
- Work spaces with perfect lighting
- Subsequent use of the room modules for other purposes (e.g. as a youth club or club house, for events)
- Planning safety even with large fluctuations in the number of children
Your advantages:
